## *Fabric by the Metre or Yard*

**F** Welcome to our new collection of embroidered and appliquéd fabrics, based on a selection of our best selling designs. All these fabrics can be ordered in lengths of up to five metres (or yards). They all coordinate beautifully with our existing ranges. In the main brochure, the **F** symbol shown here at the beginning of this text indicates there is a corresponding matching fabric.

The range includes three new designs by leading American fashion designer Sue Wong, who has brought her own elegant look to English Home.

The base materials are **velvet, linen, silk, jute** and **net**. They are appliquéd with cotton, velvet or taffeta, or embroidered all over with cotton or silk thread. The following pages illustrate these brand new original fabrics, with colour options shown in the swatches below each main image. All our fabrics can be ordered in custom colours: our full palette of colour options is shown on the gatefold at the back of the main brochure.

English Home fabrics are all woven on hand looms and hand-worked by specialist artisans. All the fabrics are made to order to the exact length specified by the customer. The design repeat will always begin in the same place on each length of fabric, so there will be no need to match up repeats when ordering.

Please call us on **+44 (0) 20 7381 3020** and we will be glad to talk you through the options. Or you can email us directly at **[sales@englishhome.com](mailto:sales@englishhome.com)**
